Benshuai Hou was born in Shandong, China, in 1989. He received his B.S. degree in Electrical Engineering from the Beijing Union University, Beijing, China, in 2013. He is presently working towards his M.S. degree at the North China University of Technology, Beijing, China. His current research interests include PM machine drives.

Xiaoguang Zhang received his B.S. degree in Electrical Engineering from the Heilongjiang Institute of Technology, Harbin, China, in 2007; and his M.S. and Ph.D. degrees in Electrical Engineering from the Harbin Institute of Technology (HIT), Harbin, China, in 2009 and 2014, respectively. He is presently working as an Assistant Professor at the North China University of Technology, Beijing, China. From 2012 to 2013, he was a Research Associate at the Wisconsin Electric Machines and Power Electronics Consortium (WEMPEC), University of Wisconsin–Madison, Madison, WI, USA. His current research interests include power electronics and electric machines drives.

Keqin Wang was born in Henan, China, in 1991. He received his B.S. degree in Electrical Engineering from the Henan Institute of Science and Technology, Henan, China, in 2015. He is presently working towards his M.S. degree at the North China University of Technology, Beijing, China. His current research interests include permanent magnet synchronous motor drives.
